

CINSAULT - GRENACHE

Baptiste & Léon, a dynamic duo focused on modern, pleasure wines. The world, encounters and sharing are our source of motivation.

Boldness, naivety, and a passion for cultivating, nurturing and developing, we believe in viticulture that respects our terroir and its biodiversity. A commitment from vine to bottle, with wines certified by the Organic Agriculture and HVE labels.

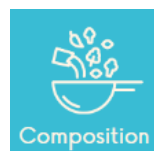

When the richness of a terroir accompanies you, the imagination becomes a boundless "Earth", giving way to the creation and elaboration of cuvées just waiting to be shared.

A Cinsault / Grenache duet with a vacation air! Luminous color. A fruity attack with hints of strawberries, raspberries, and pomegranates. A real treat! A gourmet palate, crisp and sweet. A wine for friends, chosen moments to remake the world...

Accords

Always in a spirit of pleasure and sharing, it's the perfect accompaniment to an aperitif and its little cheese puffs. Tartines of southern-flavored tapenades. On the table, it's a marvelous match for salmon tartar with lemons, as well as grilled lamb chops and vegetables a la plancha. Quickly to the table !
